Clem Webb Ministries, Inc. is a non-profit 501 C (3) ministry for the purpose of helping missionaries improve their visual presentations.

We offer training in photographic as well as presentation skills at no cost to the missionary, with the express purpose of increasing their donor base.

The “no cost to the missionary” part is where you come in: We operate on donations ourselves. These donations are tax-deductible.

Please pray about this effort. If the Lord leads you to give, then great: keep praying and give what you are led to give. If not, please continue to pray for us.

Our seminars are of varying lengths, including half-day, 1-day and 2-day events. We cover photographic composition, visual impact, simplicity, as well as PowerPoint techniques for increased clarity and brevity.
